Notice is hereby given that the Annual General Meeting of Greenspace Friends of Avis will take place on Wednesday, 25th April 2007 at 18:00 (6 p.m.).

The venue will be NICE, 2 Mozart Street, Windhoek West.

Please come and attend this meeting, Greenspace and the Avis Dam needs you.

We will be discussing important matters:

- During the past year the Executive Committee has revised the management plan for the Avis Dam, to bring it in line with the current situation. The management plan forms part of the 30 year lease agreement with the City of Windhoek. Enclosed is an executive summary of the plan. Should you wish to see the whole plan, please contact us.
- Year in year out we receive complaints about the anglers. Help us come up with solutions to this problem.
- Members vis-a-vis users: at the moment everybody who pays the security/parking fees is considered a member. This is not strictly in line with Greenspace's constitution, as members should subscribe to Greenspace's goals and aims, not only for the Avis Dam, but also to all open spaces in Windhoek.
- The issue of commercial development on Erf 2882 (which is excluded from the lease area and which forms part of the natural area of the dam) is once again under discussion. We need your views and support in this matter.

Last but not least, although Greenspace is very fortunate to have a huge pool of expertise among its members who are always willing to selflessly assist the Committee – for which we are very thankful - we need committed persons to serve on the Executive Committee. Join us, it can be fun.

There will be wine tasting after the meeting.
